# Maximising Progress by Differentiating

Practical approaches to raising standards of achievement by effective differentiation

**Price:** £299+VAT **Timings:** 10am - 4pm

Effective differentiation is key to enabling every student to reach their potential in the classroom. This course explores practical approaches to creating differentiated schemes of work and lesson plans, enabling you to engage, motivate and stretch every member of the class.

## Course content

- Use differentiation as a tool to maximise enjoyment and achievement
- Effectively assess the needs of students of different abilities and bridge the gap between those abilities
- Provide an engaging and supportive learning environment through a range of different strategies
- Develop resources and strategies for planning differentiated schemes of work

## Suitable for

Teachers and subject leaders looking for new ideas for creating a differentiated learning environment that will support all students.

# Raising the Performance of the Low Ability English Learner

Maximising the achievement of all pupils

**Course reference:** 8108ZTX **Price:** £299+VAT **Timings:** 10am - 4pm

This practical course will give teachers many strategies and ideas to both engage and challenge this specific group of learners. Teachers will focus on activities which are designed to make the most of cognitive ability whilst supporting the learner in tackling insecure skills. This fun-filled day will model good practice and delegates will leave with a renewed confidence and a raised expectation of what these learners can achieve.

## Course content

- Understand the issues for those struggling in English and adapt your curriculum accordingly
- Focus on tasks that demonstrate the importance of English in the wider world
- Using formative assessment to improve confidence
- Use a range of practical ideas to promote effective learning

## Course dates

We run courses in 11 cities across the country

# Entry Level English - The Essential Guide

Creative ideas to develop an effective curriculum

**Course reference:** 7122ZTX **Price:** £299+VAT **Timings:** 10am - 4pm

Entry level English is an essential course to motivate and provide for students who would struggle at GCSE level; or to be used as a stepping stone towards a GCSE. The practical ideas suggested will be suitable for all exam boards and delegates will gain new and creative ideas on choosing options and developing an innovative curriculum to motivate pupils in developing literacy skills further.

## Course content

- Understand what is required of entry level English
- Plan an effective and integrated entry level curriculum
- Motivate and engage pupils through a range of entry level tasks
- Explore effective ways of preparing for key tasks in reading and writing
- Develop effective assessment, support and feedback strategies to help all students progress

## Course dates

We run courses in 11 cities across the country

# Teaching Entry Level Maths

Learn the essentials of teaching this course and set students on the road to achievement

**Course reference:** 7802ZTX **Price:** £299+VAT **Timings:** 10am - 4pm

Entry level maths is designed to meet the needs of learners for whom GCSE is not a realistic goal. This course provides an overview of the requirements of the entry level route and practical strategies for enabling learners to achieve their potential in mathematics. Both those new to teaching entry level and those looking to gain new ideas and share best practice will benefit from this course.

## Course content

- Overview of entry level maths specification
- Requirements for reaching levels 1, 2 and 3 explained and explored
- Ensuring learning is accessible and numeracy skills are not compromised by reading ability
- Dynamic, challenging and exciting schemes of work
- Entry level as a step towards GCSE
- Planning and carrying out suitable coursework
- Link to functional skills in mathematics

## Course dates

We run courses in 11 cities across the country
